Hi, my name is Berg. Last summer I had a great vacation. I went across the USA with my parents by car. We drove six or eight hours a day, we stayed in big hotels. The food was usually delicious. Most of the hotels had swimming pools and game rooms. I played happily there. But there were lots of people in hotels, so we often had to sleep in one room. And it was expensive, too. Sometimes we stayed in a small cabin(小木屋) in the mountains. I really loved it. The cabin was clean and quiet. We had rooms so I could get up late in the morning. But I always got up early because we wanted to go swimming. There was a beautiful lake near the cabin. We also went fishing and cooked food outside.
